My dear Mr. H.

It is, at

a little singular that we have had  
no correspondence since we part-  
ed in E. Hampton. I have seen  
notice of some of your efforts at  
lecturing. Now I almost half  
think that I wrote you a  
letter from Dubuque. Did I  
not? If so then I am all  
right and ought to have  
had an answer from you. It  
may be however that my letter  
was to Lamer. at any rate  
I wrote to E. Hampton. How  
have you been since my re-  
turn from the East and where  
have you been? I hope you  
will write as soon as may be and

My birthday is today I am 66  
I had a party for my wife  
and family before

and give me all the information  
you may have in regard to your  
self and your plans for the  
months to come.

I spent some days very pleas-  
antly at Sabagoe with Elbert  
and his wife. Elbert is doing  
very well I think in every re-  
spect. Wife was also there. El-  
bert's baby is a very large  
fine boy now more than three  
months old. At three months  
he weighed nearly 18 lbs.

Maggie came home with ~~me~~  
I spent more than two weeks  
with us. Elbert came after us  
and spent the latter part of  
Saturday and Monday here.

She has since spent a couple  
of weeks with her aunt at  
Savenport with whom she  
spent several years previous

to her marriage.

I have just received the  
balance of the money due  
from Rick amounting to  
\$11.50. This I hold subject  
to your order. I will send  
it to you or keep it here  
for you and pay it over  
on your return here.

By the way just under-  
stand that you will be  
welcome to return here just  
as soon as you shall find  
it pleasant for you to do so,  
and remain just as long as  
you please.

We are all except Georgie in  
our usual health. Lee has  
some fever and is threatened  
with pneumonia. Our kind  
regards to all the friends  
Yours sincerely  
A. Lyman
