

Portland Oregon, Nov. 13th 1879.

Dear Prof. Marsh:

After consultation with Doctor Atkinson sent the following telegram viz -
"Telegram rec^d yesterday, all right. Will push things."

Mr Corbett has sickness in his family, and it did not seem best to have only a very short conversation with him today. What with seeing him, & doctor A. again, writing important letters, it does not seem wise for me to return until next Monday. Can make the time till here.

Traternally yours,

W. C. McKinson
