Governor Atiyeh

Dear Les,

It was great to see you again at the retirement party. Seeing you brings back memories of a much better day in State government. My years with you were the best of the entire time I spent working for the State.

Reading Fred's letter again was as good as the first time. I can just see you chuckling as you reread it. It brings back the good memories of the fun we had together.

My best to Delores.

Sincerely,  
Leo
