The community mental health program directors in The Dalles and Bend report no problems resulting from the influx of "street people" at Rashneesh Puram. The director in Madras has been called upon to help with two people who were left at the hospital there. Neither had a mental disorder.

A meeting is scheduled in The Dalles at the Mental Health Program at 6:30 p.m. on October 18th involving Representative Wayne Fawbush and the Commissioners from Hood River, Wasco and Morrow Counties who administer the tri-county mental health program. They have asked for representation from the State Mental Health Division to discuss contingency plans with them.
