Received in
ADMINISTRATION

OCT 15 1984

Building Codes Division

Dear Sw. Krishna Deva:

I have discussed our telephone conversations of September 19, 1984, with County Council, Will Carey, and this letter is a follow-up to insure that there are no misinterpretations of what was discussed or what County policies currently are. As I explained, all permits issued by Sw. Sandesh pursuant to the Circuit Court Order, dated June 18, 1984, relating to the re-locating and placement of non-residential modular facilities are temporary permits only, as the above Order provides, and as temporary uses could be required to be removed in the future.

It is further my understanding from our conversation that you agreed to stipulate to an Order which would allow County officials to conduct inspections at Rajneeshpuram during normal working hours, Monday through Friday, on an unannounced basis as long as such officials checked with City Hall and announced the purpose of the intended inspection and what locations were to be inspected. Based upon this agreement by you to stipulate, I then would review the two pending permits that were in my office and this was subsequently accomplished.

Since that time I have received two more permit requests, dated September 21, 1984, and received by me at 1:10 P.M. Legal council to the County advises that a stipulation is being prepared for an Order to be signed by the Circuit Court Judge which will effectuate our agreement. As soon as the stipulated Order is signed, I will process the two pending permit applications.

You are hereby advised that until such Order is signed by the Court, the County must object to the issuance of the pending permits and will not consider approving any further permits. The signed Order should eliminate any future problems concerning inspections by County officials and, hopefully, will alleviate the harassment of County officials as evidenced in the past.

Sincerely,

Dan Durow
Director of Planning

cc: Sw. Deva Sandesh
