Beloved Major Lamkin,

There are several incidents in recent days which I would like to draw to your attention. Enclosed is a sampling of the steady flow of negative and threatening letters which have been received by various members of this community.

There were a series of calls received yesterday afternoon to two public figures in the area. Ma Prem Kavido, alderperson and Peace Force Commissioner of the City of Rajneesh, received three phone calls on three different lines in the City of Rajneesh telling her that if any of her friends attended the Democratic Convention Fundraising Ball scheduled for the evening of the 13th at the Portage Inn, they would have their faces blown off. Ma Sat Prabodhi, City Recorder and a Democratic precinct person for Precinct 19, City of Rajneeshpuram, received two calls on two separate lines in City Hall, Rajneeshpuram, telling her that if any Rajneeshes showed up in The Dalles they would end up with their blood smeared all over the place. The calls came within the same time period; one caller was male, the other female. They stated they were part of Concerned Oregonians. There was a group of forty Democrats from the precinct who were planning to attend the Ball. In light of these threats, they chose to remain in Rajneeshpuram to celebrate in a peaceful environment. I have enclosed copies of their reports... They reported these calls to the State Police in The Dalles and it was teletyped to the Wasco County Sheriff's office and The Dalles City Police Department.

As you probably know, there were two men arrested in the City of Rajneesh; one for resisting arrest, and one for DUII. They were overheard in Willowdale to say that they had explosives and were headed to blow up the Rajneesh.

Thank you for following up on the Perry Spinner incident. Those calls
