Dear Sister Liberta

yours to hand and in reply to the questions ask, I have written the answers after each with ink and return them to you. I am not posted as to the Clark first School I have heard he had a place over near Glesco, early in the 40.<sup>ts</sup> and that he had a school over there but know nothing about it, and I think Buxtons first place was in the same neighborhood, and Haylers first Place was 6 or 8 miles up Sales Creek but he quit up there and came to the Forest Grove place about 1847.

Alpha has been and still is over to Seattle I suppose will return soon she has been away over 3 weeks.

We are all well

Your Bro E. C. Brown
