Jerralynn Ness, Executive Director
Washington County Community Action Organization
451 S. First Avenue, Suite 700
Hillsboro, Oregon 97123

Dear Ms. Ness:

I want to thank you for the information you provided regarding your award of a two year Demonstration Partnership Project grant from the Federal Office of Community Services. It is indeed an honor to have received the grant.

Your project summary is most impressive. I am extremely pleased that your community has placed such a high priority on family self sufficiency, as I believe that many of society's problems can be traced back to a lack of individual power and/or family healthiness in both work ability and the resultant self esteem it can bring.

I will be most interested to receive your update reports on this project and, if you are in Salem, please make a point of coming to see me so that I can discuss your efforts with you personally.

Sincerely,

Jacqueline Taylor
State Representative
District 2
