SUBJECT: RAJNEESH TELEPHONE CALLS UPDATE

DATE: October 3, 1984

Even though the hot-line has helped with telephone calls from concerned citizens about the Rajneeshes, I am still averaging about 10 to 20 calls a day from Oregonians who aren't satisfied talking to the hot-line.

More importantly, however, this group of callers are extremely irate and do not believe the Governor is doing enough, if anything at all.
