

STATE OF OREGON

INTEROFFICE MEMO

*File  
11-2-84*

TO: Governor

DATE: October 31, 1983

FROM: Gerry Thompson

SUBJECT: Update

NOV 07 1983  
GOVERNOR ATTY GEN

Jeannette Hamby called me over the weekend. She is in trouble with time -- feels she has simply taken on too much. Therefore she wants to resign from:

- Education Block Grant Committee
- Northwest Health Systems

She suggests that Delna Jones replace her on the Education Block Grant Committee.

Jeannette will be leaving this coming weekend for Nicaragua. She has asked for autographed Oregon II book from you to present to her host authorities. Betty is arranging.

Larry Campbell is still wanting you to call Margaret Wheel about running for the House. Told him I would remind you.

You will be making an appearance for Country Camper in Junction City. This is the firm that we were able to get funding for at Campbell's request. He hopes you will be able to share some credit with him.

Gerry Ford will be in our state 1-19-84. Would he be a good person to appear at I-84 fund raiser if it could be arranged?

Consul General Kamoshida would like to be kept advised of our EDD office to be established in Japan. I told him recommendations for you are still being prepared and when the time is right, you would certainly consult with him.

Fred Heard called late afternoon to advise us of Frank Healy's notice of retirement effective 12/31/83. You and I discussed this separately.

George Trahern is interested in being considered for Director of Department of Revenue. So far, three interested parties have been in to see me -- expressing interest:

- Bill Grannell
- Bob Geltz
- George Trahern

I am also told that the Association of County Assessors have polled and will be sending you their preference list showing the same three names.
