

## STATE OF OREGON

## INTEROFFICE MEMO

TO: Governor

FROM: Gerry Thompson

SUBJECT: Daily Report

DATE: December 22, 1981

December 16

Received call from Jim Barrett, Wah Chang. He wanted us to let you know that the chair presented to you at the Veterans' Day banquet has been totally donated by Clarence Veal. Originally the plan was that several of the Albany community leaders, i.e., Jim Barrett, Jim Hamer, etc., would donate dollars for the materials. When they presented the money to Veal, he said, thanks, but he would not accept the money. I am sure that you already know that Veal has not been well and actually came out of retirement to be sure this chair would be made for you.

Jim Barrett also wanted you to know that the Linn County Draft Board appointment, a Mrs. McQuillan, is a real "dud." She has always been a trouble maker in the community. Don't know how credible this information is, but will pass it on to Shirley.

Jeanette Hamby called. She was in Washington, D. C. last Monday attending the American Legislative Exchange Council. It appeared that all states in attendance had excess funds in their treasury except Oregon. She asked the President about Oregon specifically. Reagan responded to her in a positive manner. She also asked Reagan to investigate programs for Oregon. He reportedly turned to a Judy Peachy from Intergovernmental Affairs and asked if that could be worked on immediately. The answer was affirmative. Jeanette just wanted you to know.

Joe Cowan, Tri Met, called and asked if you could in name only sponsor the Korean Golf Club tournament on any one of the following dates: March 27, April 24, May 29, June 26. The tournament is held the last Saturday of each month. They would like you to play golf with them, but if that is not possible, they would like you to be available to present the trophy at about 6 p.m. This is for your information only and we will forward it on to Glenna to schedule if you desire. (Glenna: Cowan, 238-4915. Ray Kell is honorary counsel general.)
