

Phoenix Dec 30th

My dear father,
I have sent this letter to the Advance to you, intending to submit it to your criticism and letting you send it if you think it worth while.

I have written it rather hastily and perhaps not very well.

I do not know how long it will be in print.

I wish Sarah or Elsie would look up the Scribner which had in it "Surely Tim's trouble" and send it here. I will preserve

it and take it back
when I go. Vacation is
passing of very quietly
with me. I think
I shall take a small
trip to Ashland tomorrow.

Although this is
a short letter I will
make it do for this
time, and write
next Sunday to Bert,
in regular order.

Your loving Son
Willie
