Dear Mr. Brown:

Today we have issued a permit to Rajneesh Neo-Sannyas International Commune for construction and operation of a temporary sewage lagoon. The permit expires July 31, 1982. It requires the pump station to be dismantled prior to expiration of the permit.

We trust this meets the intent of your modified compatibility statement dated April 22, 1982.

If at some future time an application is received for a permanent facility, we suggest that you hold a hearing in order to address the concerns of 1000 Friends of Oregon.

Thank you very much for your cooperation.

Sincerely,

Charles K. Ashbaker, Supervisor
