

I have not received  
 the guarantee for the  
 get a check to my flat  
 he got it many weeks  
 he I have mailed the  
 price also the Royal  
 New Yorker both of  
 which I must say I  
 am glad should we  
 go to the agency we  
 would not care for either  
 and we cannot afford to  
 take any more papers than  
 we get them to read  
 I have not heard why the  
 change failed as Mark  
 Pollock said he remember  
 and the school building  
 and especially the stock  
 why are they not  
 visible I was just  
 heard to go the home  
 I don't think I have  
 missed you like all  
 and they have  
 given this case a  
 rest and Saturday  
 the gun and all  
 I have did not rest  
 will last night but  
 I think he is going  
 to do better by night  
 now still continues to  
 go down I am glad  
 we will not have  
 so with me tonight I have  
 no more for these night

I will send you a short letter in  
 the morning also on what came to your  
 mistake it seems strange that they are not aware  
 of such facts since to be believed there must  
 be some mistake about it. I received yours of  
 Sat + yesterday I had no chance to send mine  
 from for by Tuesday afternoon I could hardly  
 bear the idea of talking at the in the office  
 over night. Sunday morning and today are  
 the days that I get your letters. Every body was  
 so asking where is my Walter coming home this  
 morning and they gave out the word in Sunday  
 school last evening that you would bring the  
 at the next Sunday I told her I had no word  
 from you to that effect and that it was not  
 true for your last letter to me had stated  
 that you could not be home before the middle  
 of the week my friends continue to come to me

me very one has been so good to come since  
you left that I am beginning to think that I must  
be pretty well liked among the neighbors to day  
Mrs Altamat came in the morning and spent  
the day this afternoon Mrs Read Mrs Edge and Mrs  
Morrison came and spent the afternoon. Mrs  
Gylton took dinner with me yesterday and I am  
expecting Mrs Gafollette any day it is very nice to have  
so much company while Fred are away.

Lissa is up now will stay untill next week she came  
out last evening and stayed over night going  
~~back~~ to town this morning with Mr Warrens,  
she sent a short note back to <sup>me</sup> saying that Uncle  
Jen was dead they had just received a disp  
atch from Lebanon so of course I know nothing  
of the particulars Lissa said she and Ellen wanted  
to go to Lebanon to the funeral. I wish I was in a  
condition to attend the funeral. You asked if  
I had changed my mind as to the date of confinement  
I will say that I have not and cannot think it  
possible to go longer than the middle of march  
and think it will take place about the first.  
I feel very bad now some days and it is quite  
a task for me to get through with my work some  
days I was just thinking this evening how nice it would  
be to get rid of the hired man and have you to cook  
for instead for them when I did not feel like cook  
ing I would not have it to do. I feel <sup>sure</sup> that I am going  
to have a girl
